

2nd Grade Virtual Lessons

March 28, 2016

Dear Parents/Guardians,

As you know, EVSC has decided to make up our snow days using the Virtual Learning Option. Our 2nd grade team at Lincoln School will participate by assigning your student one (1) reading and one (1) math lesson to complete. Both assignments include a lesson on the Internet followed by a printed activity. These assignments will serve as a make up for their snow day.

In order to get credit for the missed snow day, your student **MUST** complete **ALL** Reading and Math assignments **outside of regular school hours**. Students must complete these assignments at any time between Monday, March 28th and Sunday, April 3rd. **All assignments must be turned into their homeroom teacher on Monday, April 4th by 7:50.**

Your student will need Internet access to complete the Math and Reading assignments. If your student does not have access to Internet at home we encourage them to take advantage of the lunch and learn support and teacher access support via phone or email. The Boys and Girls Club and Public Library are also great options.

Attached to this letter you will find instructions on how your student is to complete their assignments. The instructions will include step-by-step directions on how to access the online portion of assignments.

Teachers will be available to assist your student throughout the week with their assignments if needed. Attached you will find the times that 2nd grade teachers are available to support your student.

Sincerely,

Mrs. Baker
Ms. Ubelhor
USI Interns-Ms. Powless and Ms. Amor
